

**CMSC 126: Sprint 1**  
**(Web Engineering Project)**

Desired Project: Business Website for selling baked goods

Product Owner: Mark Winfred A. Turco

Scrum Master: Mark Winfred A. Turco

Development Team: Mark Winfred A. Turco

Product Backlog:

User Stories	As a (role), I want to (action), so that (benefit)
#1	As the website owner. I want to have an simple interface on my website, so that the users can easily navigate through the website.
#2	As the website owner, I want my project website to be something I am interested in, so that it'll be more fun to work on.
#3	As the website owner, I want to design the website with a more modern and minimalistic look, so as to have a better appeal towards the audience.
#4	As the user, I want to be able to smoothly navigate on the website, so that I wouldn't waste time trying to find where everything is.
#5	As the user, I want to look at the screen without any harsh colors or cringey designs and fonts, as to not irritate my eyes.
#6	As the developer, I want to website to be have simple characteristics and features as possible, to not further stress out during the implementation of these features.

Sprint Backlog:

User Story No.	User Story	Story Point	Value Point	Value for Money
#6	As the developer, I want to website to be have simple characteristics and features as possible, to not further stress out during the implementation of these features.	3	8	2.6
#4	As the user, I want to be able to smoothly navigate on the website, so that I wouldn't waste time trying to find where everything is.	3	5	1.6
#5	As the user, I want to look at the screen without any harsh colors or cringey designs and fonts, as to not irritate my eyes.	3	5	1.6
#1	As the website owner. I want to have an simple interface on my website, so that the users can easily navigate through the website.	5	8	1.6
#3	As the website owner, I want to design the website with a more modern and minimalistic look, so as to have a better appeal towards the audience.	2	3	1.5
#2	As the website owner, I want my project website to be something I am interested in, so that it'll be more fun to work on.	3	3	1
